**ARRETE :**

**Article 1<sup>er</sup> - GENERALITES**

(1) En application des dispositions de l'article 10 de la loi n° 98/020 du 24 décembre 1998 et de l'article 5 du décret n° 99/819/PM du 09 novembre 1999 susvisés, la société «O'CERY PLC» (BP 414 Limbe, Tél : 233 33 20 62 / 233 33 20 56), est agréée pour les contrôles, expertises et vérifications réglementaires des appareils et accessoires à pression de gaz et à pression de vapeur d'eau.

(2) Les activités liées au présent arrêté sont placées sous la surveillance de l'administration en charge des Appareils à Pression de gaz et à pression de vapeur d'eau.

**Article 2 - DOMAINE D'APPLICATION**

(1) Au sens du présent Arrêté, les termes contrôles, expertises et vérifications réglementaires s'entendent comme toute opération de contrôle d'un appareil consistant aux vérifications et essais suivants :

- visite interne et externe ;
- contrôle de la qualité des soudures ;
- contrôle de la qualité du métal ;
- épreuve hydraulique de résistance ;
- épreuve d'étanchéité hydraulique ;
- contrôle du volume, de la géométrie, des dispositifs de sécurité et de mesure et d'une manière générale, le contrôle de conformité aux normes.

(2) La visite interne et externe comprend :

- la vérification des assemblages par soudage des différents éléments ;
- le contrôle de la qualité du revêtement ;
- la surveillance des actions corrosives internes et externes.

(3) Le contrôle de la qualité des soudures consiste à procéder aux essais de traction, de pliage, d'évaselement et aux essais non destructifs.

(4) Le contrôle de la qualité du métal consiste à déterminer sa composition chimique, sa structure métallographique ainsi que ses propriétés mécaniques notamment l'allongement, la résistance à la traction et la limite d'élasticité.

(5) L'épreuve hydraulique de résistance est le maintien dans l'appareil d'une pression dite épreuve de résistance.

(6) L'épreuve d'étanchéité hydraulique est la mise de l'appareil sous une pression au moins égale à la pression maximale de service et au plus égale à la pression de l'épreuve de résistance.

(7) Le contrôle des dispositifs de sécurité et de mesure consiste à vérifier le bon fonctionnement des soupapes et des appareils de mesure et d'enregistrement de la pression effective et de la température.

(8) La société «O'CERY PLC» (BP 414 Limbe, Tél : 233 33 20 62 / 233 33 20 56), ne peut effectuer d'autres prestations que celles figurant aux alinéas (1) à (7) ci-dessus.

(9) En cas de modification de l'une quelconque des informations contenues dans la demande d'agrément, déclaration en est immédiatement faite au Ministre chargé des appareils à pression.

**Article 3 - VALIDITE**

(1) Le présent agrément est valable à compter de sa date de signature pour une durée de trois (03) ans renouvelable.

(2) La demande de renouvellement d'agrément est présentée sous la même forme que la demande initiale au Ministre chargé des appareils à pression quatre (04) mois avant la date d'expiration de l'agrément en cours.

(3) L'agrément est strictement individuel, incessible, non transférable et ne peut être loué.

**Article 4 - DROIT DE VISITE OU D'EPREUVE**

(1) Les frais de visite ou d'épreuve sont liquidés conformément aux dispositions de la loi n° 98/020 du 24 décembre 1998 régissant les appareils à pression.

(2) Les sommes dues recouvrées par le titulaire du présent agrément sont reversées immédiatement à la caisse de l'Agent Intermédiaire des Recettes de l'Administration chargée des appareils à pression territorialement compétent à l'exclusion des frais de transport.

**Article 5 - PRESCRIPTIONS TECHNIQUES**

Pour les activités liées au présent agrément, le titulaire est tenu de respecter les conditions définies ci-après :

- saisir la Délégation Régionale du Ministère en charge des appareils à pression avant l'exécution de toute expertise relative aux appareils à pression ;
- faire parvenir au Ministre chargé des appareils à pression, avant le 31 Décembre de chaque année, le rapport d'activités de l'année budgétaire écoulée suivant le modèle-type présenté en Annexe du présent arrêté ;
- assurer l'apposition du poinçon officiel sur les appareils ayant subi avec succès les épreuves réglementaires ;
- dresser, après chaque opération, un rapport ou procès-verbal et le cas échéant, un certificat de visite ou d'épreuve qui sera validé par la signature de l'inspecteur assermenté de l'administration chargée des appareils à pression ayant supervisé l'expertise, tout manquement à cette obligation entraînant la nullité de l'opération ;
- se prêter aux actions de surveillance qui pourraient être réalisées par l'administration chargée des appareils à pression ou par une personne mandatée par ladite administration, au moins deux (02) fois par an et en tant que de besoin, pour vérifier le respect des prescriptions administratives et techniques du présent arrêté ;
- participer aux réunions organisées à l'instigation de l'administration chargée des appareils à pression pour assurer la coordination nationale entre les personnes morales agréées au Cameroun ;
- participer, en tant que de besoin, aux travaux de normalisation nationaux portant sur les appareils à pression ;
- informer les fabricants et les exploitants des appareils à pression, sur leur demande, de l'existence des dispositions réglementaires relatives à la construction, l'exploitation et le contrôle des appareils à pression au Cameroun ;
- faire connaître clairement à l'administration chargée des appareils à pression, aux fabricants et exploitants, le montant des prestations liées aux interventions effectuées dans le cadre du présent arrêté ;
- ne procéder à aucune modification de la liste du personnel technique au cours de la période d'agrément qu'après accord préalable du ministre chargé des appareils à pression, sous réserve des dispositions du Code du Travail ;
- veiller à la prévention de tout accident ou incident au cours des opérations de contrôles, d'expertises et de vérifications réglementaires des appareils à pression de gaz et à pression de vapeur d'eau ;
- utiliser, dans le cadre des opérations citées ci-dessus, des instruments de mesure conformes à la réglementation en vigueur en matière de métrologie.

**Article 6 - OBLIGATIONS**

Conformément à l'article 9 du décret n° 99/819/PM du 09 novembre 1999 susvisé, les administrateurs, le personnel de direction et tout le personnel salarié de la société «O'CERY PLC» (BP 414 Limbe, Tél : 233 33 20 62 / 233 33 20 56), dont les activités sont relatives au présent agrément sont tenus au secret professionnel et à la probité. A cet égard, il leur est notamment interdit :

- de faire le commerce des appareils à pression de gaz et à pression de vapeur d'eau ;
- d'avoir un intérêt quelconque dans les entreprises qui commercialisent, fabriquent ou utilisent des appareils à pression de gaz et à pression de vapeur d'eau ;
- de se constituer conseil des personnes physiques ou morales pour l'acquisition des appareils à pression de gaz et à pression de vapeur d'eau.

**Article 7 - SANCTIONS**

(1) En cas d'infraction des dispositions du présent arrêté le titulaire du présent agrément s'expose aux sanctions prévues à l'article 18 du décret n° 99/819/PM du 09 novembre 1999 visé ci-dessus.

(2) Les infractions aux dispositions du présent arrêté sont constatées par les officiers de police judiciaire, les ingénieurs et agents assermentés du ministère chargé des appareils à pression, conformément à la législation et à la réglementation en vigueur.

**Article 8 - NOTIFICATION ET PUBLICATION**

(1) Le présent arrêté sera notifié à la société «O'CERY PLC» (BP 414 Limbe, Tél : 233 33 20 62 / 233 33 20 56).

(2) Le Directeur de l'Industrie, les Délégués Régionaux sont chargés chacun en ce qui le concerne, de l'application des dispositions du présent arrêté qui sera enregistré puis publié en français et en anglais partout où besoin sera. /-

Dear Stakeholder,

It is with great honor that I have this opportunity to make this short address to you and introduce you the particularities of NOIAA LTD, Middle East & Africa Operations.

I would like to point out that NOIAA LTD, MEA Operations has more training modules like (HLO, Helideck, VHF etc..) than any other training provider in Africa and the Middle East. Do not hesitate to contact our Training Department for any clarification if you need information on any particular training.

NOIAA LTD, MEA Operations, has maintained a key focus on quality, health, safety and environment as such will always make sure to offer trainings of the highest quality. Please contact our Sales & Marketing Division situated at 234 Rue De La Union Française Bali-Douala on [marketing@noiaa.com](mailto:marketing@noiaa.com) for any request on trainings and financial arrangement.

While 2022, has been a year of new challenges for us, NOIAA LTD, MEA Operations strategy having qualified instructors permanently based on our MEA Operations office have proved prudent given the current travel restrictions face by the world.

I would also like to remind you that NOIAA has invested heavily during this period of COVID-19; on its safety training equipment by renovating and introducing new sophisticated equipment in its Training Centres to carry out all sorts of On/offshore Maritime Safety Trainings.

Furthermore, unlike most of the companies operating in our sector, we present ourselves as the only to offer accredited programs with a permanent team of internationally recognized Assessors/Verifiers overseeing each training. Also with some credibility, trainee's certificates can be verified online from now onwards.

I will end by wishing you a Prosperous NEW YEAR 2023.

The background is a dark blue gradient. In the center, there are several concentric, thin purple circles that form a large, faint rainbow-like arc. In the top-left corner, there is a grid of small purple dots. In the top-right corner, there are two blue circles of different sizes and a horizontal purple line. In the bottom-left corner, there are two blue circles of different sizes and a horizontal purple line. In the bottom-right corner, there is another grid of small purple dots. The text "THANK YOU" is centered in the middle of the image.
